8505 - **FOOD SERVICE - NEGATIVE BALANCE**

Although it is the primary responsibility of the parent/guardian to provide their child(ren) a lunch, whether it is brought from home or funds to purchase one, the District will not refuse a student from receiving a lunch due to lack of funds.

The Food Service Department will be responsible for contacting families with a negative balance.

The District's expectation for parents/guardian is to remit funds on the next business day to clear up any negative balances on the student's food service account. Any and all negative balances will have an adverse effect on the District's overall general fund and may result in the District seeking legal action.
